ABOUT CURE HHT

HHT, or Hereditary Hemorrhagic Telangiectasia, genetic disorder that causes malformed blood vessels in various organs of the body. Its most common symptom is frequent nosebleeds, but HHT can lead to sudden and extreme bleeding in other organs, stroke, brain abscess, severe anemia, heart failure and death if not treated properly.

The mission of Cure HHT is to find a cure for HHT while saving the lives and improving the well-being of individuals and families affected by HHT. To achieve our mission, Cure HHT will **Fund research** to find better treatments and a cure; **Educate families and physicians** about HHT; **Collaborate** will multidisciplinary HHT Treatment Centers; **Advocate** for and support those with HHT; and **Engage** the scientific and medical community.

Our Supporters are Passionate about our Cause

As a sponsor of our event, your company will reach medical opinion leaders, physicians, scientists, HHT patients and event participants from throughout the world. At the same time, you will show your support of the HHT community and a cause that's important to them.

- Directly reach global opinion leaders (50% international in 2017)
- Build brand awareness
- Influence purchasing decisions
- Tax deductible donation
