

## MOSTAR - KRAVICE - Chasing the waterfalls

The city of Mostar will give you many memories. It's a city of contrast, culture, colour and cuisine. The city is divided by the Neretva River that flows through it, but also by religion and culture from one bank to the other. Mostar, in the region of Bosnia and Herzegovina, is a memorable place to visit, a place where "east meets west". Just a short drive up the Adriatic coast and then inland, following the breathtaking Neretva Valley, will offer stunning views of the local countryside. Here, the Neretva River enriches the land; the scents and colours of tangerine and kiwi plantations bring a rich variety to your senses. Among the most fascinating naturalistic features of the Herzegovinian region are the sparkling waterfalls of Kravice. The waterfall was created by the Trebižat river with its tuff deposits, and has been declared a natural phenomenon which is under state protection. With waterfalls stretching over 100m across and tumbling down 25m, Kravice is one of the largest waterfalls in Herzegovina and certainly the most impressive.

Experience beautiful shades of green and wild nature with the touch of Orient!
